To Whom It May Concern:

We write this letter in support of the professional work and solid working relationship our organization has enjoyed with the law offices of Wildes and Weinberg, PC. We have been working with them with regard to providing forums and seminars on the subject of immigration legal needs for US and Australian citizens for the past two years.

The American Australian Association was established in New York in 1948 by newspaper publisher Sir Keith Murdoch and a group of like-minded Australians and Americans. The Association is the largest public not-for-profit organization devoted to building strategic alliances between the United States, Australia and New Zealand.

The Association's purpose is to broaden, strengthen and encourage ties across the Pacific through corporate, educational, social and cultural and philanthropic programs. The Association is comprised of corporate member firms, family and individual members.

Michael Wildes of Wildes & Weinberg has presented at and hosted seminars for our members and guests who are considering visa status changes and permanent residence in the United States and/or Australia. Wildes & Weinberg partners with our corporate member law firm, Stirling Henry Migration Services to provide up-to-date information on corporate immigration matters.

Please feel free to contact me at 212.338.6860 extension 203 should you have additional questions.

Yours sincerely,

Alice Mount  
Director, Corporate Relations & Development
