RE: Monmouth Vicinage Municipal Court Advance

Dear Mr. Wildes,

On behalf of the Municipal Division and myself, I would like to thank you for your incisive presentation on U.S. Immigration Law at our Monmouth Vicinage Municipal Court Advance on Friday, April 24, 2009. You identified those eligible for protection under the U.S Immigration Law, defined the various laws and their spectrum, educated as to why certain procedures must take place and clarified the process as it relates to the Municipal Court. You were attentive to the needs and challenges facing our Municipal Courts today. Our Municipal Court Judges and Court Administrators were most appreciative of your time and sincere dedication to this critical subject. The knowledge you provided will serve as a valuable tool and benefit all as we continue to address the needs of our communities and raise the bar in the Municipal Division.

Your knowledge and professionalism should be commended. You are truly an asset to your profession and all of the external customers whom you serve.

Sincerely,

Rosemarie Marinan-Gabriel
Municipal Division Manager
